WeTip National Anonymous Crime Hotline Program joins forces with Washington County to FIGHT CRIME

WeTip and Washington County, have joined forces to establish the WeTip anonymous crime reporting system throughout Washington County, New York. WeTip CEO Susan Aguilar and WeTip Director of Community Programs, Sue Mandell will conduct a Press Conference and Community Training Forum at the Sheriffs Department on June 17, 2009.

The WeTip Crime Hotline is answered by live operators 24/7, and it is totally anonymous. The WeTip Crime Tip Hotline, is way for citizens and businesses to fight crime without fearing reprisal from the person that has committed a crime.

WeTip and Washington County will introduce the WeTip Anonymous crime hotline to residents throughout the community. Callers that have information about a crime can call 1-800-78-CRIME. An operator will answer the hotline by saying, "this is the WeTip Anonymous Crime hotline, do not give your name or identify yourself in anyway". The operator then will ask a series of questions about the crime to obtain the maximum amount of information possible for the police investigator.

WeTip's National Anonymous Crime Hotline program has helped law enforcement to capture more criminals during the past 37 years than any other anonymous citizens' hotline program in the nation. More than 485,000 anonymous tips have led to the arrest of over 15,000 criminals because WeTip provided total safety and anonymity to the caller.

We will be working with all sectors of the community, government, business, health and human services, and neighborhood residents and associations to implement the WeTip program throughout Washington County.
